SURPRISE FOR JURY

Given a Christmas Tree
and Meet Their
Families

Chicago, Dec. 26.—The members of the jury, which is hearing the case of the meat packers, who are on trial, enjoyed a Christmas tree yesterday with their families.

The tree was arranged by Judge George J. Carpenter in his chambers. It was the gift of Mrs. Carpenter, the jurist's wife.

The jurors were given a surprise. They did not even know they would be allowed to see their families until they walked into the chambers and met them.

Several children romped about the room. Guards were on watch in the room and secret service men watched outside.

INSURGENT CAMPAIGN

LaFollette, Clapp and
Others Are on the
Stump

Columbus, O., Dec. 26.—The whirlwind campaign of Progressive orators in Ohio starts tonight. Senator Moses E. Clapp, one of the original LaFollette presidential advocates, opens the campaign with an address at Salem.

Senator LaFollette will invade President Taft's home state tomorrow, opposing the re-nomination of William Howard Taft and setting himself up as the logical leader of the party next year.

Gifford Pinchot will deliver two addresses in behalf of the Progressives and Senator Miles Pindexter one.

ROBBED IN THE BATHS

Salt Lake, Dec. 26.—William Wickles, 30 years old, was arrested in the Sanitation baths in West Third South street by Patrolman William Wickles shortly after 4 o'clock yesterday afternoon, charged with stealing a \$5 bill from the vest pocket of Herbert Sheridan, a foreman for the Utah Construction company.

Just before taking a plunge Sheridan hung his clothes on the nail of a partition. Harrison, it is alleged, observed him and when Sheridan jumped into the water Harrison climbed to the top of the partition from the outside and reaching into the vest pocket, extracted the money. Sheridan's head emerged from the water just in time to enable him to see his \$5 bill clutched in a hand and disappear over the partition. He cried to attendants that he was being robbed and pointed in the direction of his clothes. Patrolman Wickles was called and arrested Harrison just as he was attempting to hide the money in his shoe.

WATERFRONT FEDERATION

New York, Dec. 26.—Officers of the Waterfront Federation, which includes coastwise seamen and other marine workers in this city and its vicinity, are planning today to organize the workers in other cities with the object of forming a national organization on the same lines as the Transport Workers' Union of Great Britain.

Henry P. Griffin, president of the federation, will start soon to confer with local unions of marine workers in Philadelphia, Mobile, Baltimore, Norfolk and other ports, extending his trip to New Orleans. He expects to return to New York about January 4. He announced today that he will meet either Ben Tillman or Tom Mann, the English national labor organizer in regard to getting their co-operation.

"They are both willing to assist in any way possible in the formation of the proposed national body," said Mr. Griffin.

CALIFORNIA FROST

San Bernardino, Calif., Dec. 26.—J At midnight last night indications pointed to heavy damage from frost in the orange districts of San Bernardino and Riverside counties. Reports from districts in the east end of Los Angeles county, bordering on San Bernardino, indicate the situation is the same there.

The thermometer here reached 26 degrees at midnight and dropped lower later on.

Violet Buehler, Who Is
Missing, Had Many
Admirers

Chicago, Dec. 26.—With the discovery by the police that Violet Buehler, missing since November 25, had not one but several romances, the line of search was extended today. Inspector Hunt claimed to have reliable information that the Buehler girl was given a diamond ring by a police lieutenant.

It is reported that the girl was in Chicago and that she would be at home today. However, the police planned to continue the search.

WORLD'S MARKETS

PROFESSIONAL MARKET
SOMEWHAT BEARISH

New York, Dec. 26.—Dealing in stocks fell to nominal proportions during the morning. The market remained in the hands of the professional operators, whose bearish sentiment was reflected in the reactionary character of the day's movements. The market was narrow, except in the case of a few stocks. Lehigh Valley and Great Northern Ore certificates were the market exceptions. Lehigh Valley gave way slightly until it touched 185 1/4, compared with 186 7/8, the highest price on record, made earlier. Its weakness was ignored by the other active stocks, which continued downward at a level slightly below Friday's closing. Great Northern Ore certificates developed decided weakness, falling three points to 36 1/2. Some short selling was attributed to unconfirmed reports that a change would be made in the presidency of the company. Central Railroad of New Jersey opened four points lower at 313 and rebounded to 323.

Bonds were easy.

SNOW HAS ITS EFFECT ON WHEAT

Chicago, Dec. 26.—Snow affording protection and molasses for winter wheat had a tendency today to lower prices. Opening prices were 1-5/8 to 1-3/4 lower. May started at 98 1/8 to 98 1/4, a loss of 1-5/8 to 1-1/4 and declined to 97 7/8.

Wet weather caused firmness in corn at the outset. May opened a shade to 1-5/8 higher at 64 1/8 to 64 1/4 and declined to 63 3/4.

Notwithstanding good purchases for commission houses, the oats market followed corn downward. May started a sixteenth to 1-5/8 off at 47 1/2 to 47 1/4 and fell to 47 1/4.

An advance in hogs gave some strength to provisions but the rise was checked by the falling off in exports of products. First sales were 2 1/2 to 2 3/4 lower to 5c up, with May delivery \$16.05 for pork, \$9.42 to \$9.45 for lard and \$8.62 to \$8.65 for ribs.

YOUNG MEN 'MUST NOT'

Ten Don'ts Prescribed
by Dr. Hyde of
Brockton, Mass.

Brockton, Mass., Dec. 26.—Dr. Albert Marion Hyde who recently formulated ten "don'ts" for women, which have been spread broadcast, has just announced another set of "don'ts" intended for young men. They were made public as part of his Christmas celebration. Included in the list are the following:

Do not speak of the "old girl" and the "old woman." Fathers and mothers are a necessary evil in the present system of things. They have spoken respectfully of you when outsiders could not see anything on which they could hang even a small compliment.

Do not give all your attention to the education of the brains on the outside of your head. Football hair a letter on your jersey are not a sufficient training for life.

Do not put the money of your tailor and your washerwoman in \$5 opera seats and \$2 theater tickets. They may prefer to spend their earnings in some other way.

Do not try to get quick, smarter men than you, who have come to town without a cent, have tried it and lost all they had.

IS BREAKING UP FAMILIES

Kipling's Poem Is Causing
Men to Beat
Their Wives

Pasadena, Cal., Dec. 26.—Kipling's poetical assertion that "the female of the species is more deadly than the male," probably received considerable thought today by Clyde Robinson, whose fondness for quoting the poem to his wife, resulted in his being arrested on a battery charge.

It is said that Robinson quoted that Kipling thrust at the suffragists, to his wife, Nora E. Robinson, who retaliated by repeating Bernard Shaw's criticisms of American men to her spouse. It is alleged that all poetry finally was forgotten as the male of the species was escorted to the police station. Hyde was freed on \$15 bail pending a trial Thursday.

HAPPY CHRISTMAS FOR WOMAN 110

Springfield, Mo., Dec. 26.—Greeting cheerfully the neighbors who came to wish her well, Mrs. Lucy Wagoner, who claims to be 110 years old, and who lives near here, in Taney county, Arkansas, said she spent a merry Christmas as anyone in the state.

"Granny" Wagoner, as she is called, lives alone in a log cabin and makes her own living by working in the cotton fields and doing odd jobs. She says she was born in Tennessee in 1801 and that she has eight great grand-grandchildren, besides numerous other descendants.

CHILD RESTORED TO LIFE AGAIN

Kingston, N. Y., Dec. 26.—A gift of life was the unusual Christmas surprise in the home of Frank Guirando yesterday. His little child had apparently succumbed to a serious illness and John J. Murphy, a local undertaker, was called to arrange the funeral. Instead, he played the role of Santa Claus, for, while he making the preliminary arrangements for embalming the body, he discovered signs of life. The baby was hurried to a hospital here and it is said that it may recover.

THEY ALL ESCAPE FATAL INJURIES

Pottsville, Pa., Dec. 26.—None of the thirty persons who were on the trolley car which left the rails on a bridge spanning the Schuylkill river, a mile below Pottsville last night and plunged into the bed of the stream, is seriously injured.

Although all were hurled into the front end of the car, which was left in a vertical position, the worst injuries sustained were fractured arms. The car fell about fifteen feet.

MAJOR GEN. HODGES DEAD.

Washington, Dec. 26.—Major General Charles L. Hodges, U. S. A., retired, died here today after an illness of several months. General Hodges was born in Rhode Island on March 13, 1847, and entered the volunteer service at the outbreak of the Civil war, when he was 14 years of age. In 1869 he entered the permanent establishment and served continuously up to March 13 last, when he retired.

SURRENDER OF REYES

Marks the End of a Most
Perplexing Revolutionary
Problem

Mexico City, Dec. 26.—The surrender of General Bernardo Reyes at Linares, Nuevo Leon, yesterday, it is believed here, marks the end of the most perplexing problem yet brought before the Madero government. Seemingly, all over the country recently, have sprung small revolts and most of them were in the name of the former military leader in the country.

His following in Mexico was considered very strong for years and to this was attributed much of the apprehension of the government when he started his revolution. He formerly was governor of the state of Nuevo Leon and later commander-in-chief of the Mexican army. This last position he held for some time until President Diaz held the rank at the time of the latter's resignation.

A few months prior to the outbreak of the Madero revolution, there were rumors of a threatened outbreak against Diaz in favor of Reyes. Diaz then sent Reyes to Europe, ostensibly to study military organizations there. President Diaz recalled him when the revolution became serious but before Reyes reached Mexico, Diaz had been forced to resign. Reyes then aligned himself with Madero. States were arrested. In November, war in the latter's cabinet when it was formed. Later he decided to run for the presidency himself, and Madero released him from his acceptance of the cabinet place. The election, held on October 15, resulted in the overwhelming election of Madero.

Partisans of Reyes attempted to have congress nullify the election and failed. Reyes then left Mexico, going from Vera Cruz to Havana, thence to New Orleans, and finally making his headquarters at San Antonio. He gave as his reason for leaving Mexico that he was persecuted here, and had no guarantee of his safety.

Shortly after his arrival in San Antonio, it was rumored that he was organizing a revolution and a number of persons charged with transporting arms across the border in violation of the neutrality laws of the United States were arrested in Nueces, Texas. General Reyes was indicted by the federal grand jury at Laredo, Texas, and released on \$10,000 bail, the indictment alleging violation of the neutrality laws. His trial is set for the April term of the federal court at Laredo.

REYES FAMILY DENY SURRENDER

St. Louis, Dec. 26.—Rudolfo Reyes, son of General Bernardo Reyes, who is here temporarily, received a telegram today which he construed as a denial of the press dispatches that his father surrendered at Linares, Mexico. The telegram was sent from San Antonio, Texas, by Alejandro Reyes, a younger brother, and a translation of it follows:

"Please deny it in the St. Louis newspapers the notice of our father's surrender. We will make the same denial in San Antonio."

The message further stated the denial was authorized by Senora Aurelia Ochoa de Reyes, wife of the general, who is in San Antonio. Rudolfo Reyes said he would report tonight for Chicago unless he received confirmation of the surrender of his father, in which event he would go to San Antonio.

Mexico City, Dec. 26.—The end of the week probably will see General Bernardo Reyes, who surrendered last night to the Mexican authorities, occupying a cell in the penitentiary of the federal district in the portion set apart for political prisoners.

An order that he be brought to the national capital was transmitted today by the minister of the interior to General Geronimo Trevino at Monterrey. The commander of the Third military zone probably will assign an escort of rurales to General Reyes and also give him a safe conduct to Mexico City.

CHINESE ARE FOR A REPUBLIC

San Francisco, Dec. 26.—The Chinese Six Companies, which is engaged in raising a two-million dollar loan for the Chinese revolutionary government, sent a cablegram to Yui Ting Fang at Shanghai today, asking him to resume hostilities rather than yield to Yuan Shi Kai's demand for a limited monarchy. All Chinese in America, it was stated, were firm for the republic.

A similar message was sent to Tang Shao Yi, who represents Premier Yuan at the conference, asking him also to use his influence in behalf of a republic.

SMUDGING ORANGE GROVES

San Bernardino, Cal., Dec. 26.—Although the thermometer registered as low as 22 above zero last night, the coldest weather in this city in 24 years, growers declared today little damage was done to the orange crop in the San Bernardino valley. Smudging was generally used in the Rialto and Highland districts.

OIL PRICE ADVANCED

Said to Be One Indica-
tion of Better Times
Ahead

Pittsburg, Pa., Dec. 26.—Announcement was made today by the Joseph Zepf Purchasing agency, now the buying power of the old Standard Oil organizations, of an advance in Pennsylvania crude oil of five cents a barrel, bringing the price paid independent producers to \$1.35 a barrel. Other grades were raised in proportion as follows:

Somerset 79 cents, an advance of five cents; Ragland 48c, and advance of three cents. No change was made in the price paid for Mercer black, Cabell, Newcastle and Corning.

The last preceding change in the price of Pennsylvania, the basis of the crude oil market, was made June 11, 1910, when the price was reduced to \$1.20. Officials of the Standard companies stated that there was no particular shortage in oil of the grades affected and express the belief that the advance had come as an indication that times were much better and the companies which made up the great organization could afford it.

It was predicted that it will stimulate development.

NEVADA HAS HAD ENOUGH

No Longer Eager to Be
a Prize Fight
State

Salt Lake Dec. 26.—Jack Curley of Chicago manager of Jim Flynn, the Pueblo heavyweight, announced today that he would guarantee Jack Johnson \$20,000 for his share of the purse, win, lose or draw, for a finish battle with Flynn for the heavyweight championship of the world. Curley declared that he would select Nevada as the battleground as he insisted that the fight be to a finish, and he did not think it could be staged elsewhere.

Local sporting men, closely in touch with the situation in Nevada, declare that the proposal to stage another championship battle in Reno would bring out the inhabitants of that town with riot guns.

Curley expects to leave for Chicago to confer with Johnson after the Flynn-Capone bout scheduled here for tomorrow night.

Reno, Dec. 26.—From a legal standpoint, there is nothing to prevent the staging of the proposed Flynn-Johnson battle on Nevada soil. The law enacted in 1897 for the benefit of the promoters of the Corbett-Fitzsimmons battle, still stands on the statute book.

The announcement from Salt Lake will be received with mixed feeling by the Nevada people. Many believe that so long as the law permitting finish fights remains in force, interference should not be tolerated. On the other hand there are many who are of the opinion that public decency would be violated should the fight be allowed and there is no doubt but that there would be a strong demonstration of disapproval in case the promoters endeavor to bring the men together in Nevada.

Chicago, Dec. 26.—Jack Johnson today declined to say positively whether he would accept the offer to meet Jim Flynn.

"It is doubtful if I do," he said.

"Tom O'Rourke of New York has offered me a \$25,000 purse, my opponent is picked later, and I am considering an Australian trip which will net me even more than that."

Later Johnson was positive in asserting that he would not fight Flynn for less than a \$30,000 purse.

"I am willing to meet Flynn anywhere in the world," he said, "but the purse must be \$30,000. The O'Rourke offer is for ten rounds, and that looks pretty good, to say nothing of the Australian proposition."

HAINES WILL NOT RE-MARRY WIFE

New York, Dec. 26.—Positive denial of rumors circulated here that Captain Peter C. Haines, Jr., who recently was pardoned after serving two and a half years for the killing of William E. Annis, intended to re-marry his divorced wife, was made here today by his father, General Peter C. Haines. Captain Haines won his divorce decree in an uncontested suit in which Annis was named as co-defendant.

In an interview printed here today regarding the rumors, General Haines is quoted as saying:

"It is an infamous falsehood. Not only is untrue, but it is impossible that it should ever be true. My son is living with me and has not thought of such a thing."

Mrs. Haines, who is living under her maiden name at the home of her parents, Mr. and Mrs. Charles Libbey, in East Milton, Mass., was equally emphatic in her denial.

AMERICANS ARE SLOW

They Are Losing Rare
Opportunities in Lat-
in America

Kansas City, Dec. 26.—"If the commercial interests of the United States throw away the trade opportunities that are now coming from South America, one of the greatest new sources of public and private revenue of the age will be forever lost to us," says John E. Rowen, formerly consul at Punta Arenas, Chile, who has just returned here after resigning his post. He spent ten consecutive years of consular service in South America.

"We have unnecessarily let the Germans and the English get the better of us in trade relations there," he said. "If the American merchants will organize, they will meet the greatest trade opportunity they have ever had."

"Among the things that contribute to create this opportunity, are the opening of the Panama canal and the awakening and the settling of South America with cheap labor from the Latin countries of Europe. Brazil has gained twenty per cent, or eight million, in population in the last five years."

MAN IS ARRESTED BY OWN REQUEST

Salt Lake, Dec. 26.—Vanquished by the spirit of Christmashine, his evil deeds becoming hateful to him when all those with whom he came in contact were at peace with themselves, T. W. Stackpole, aged 28 years, of Los Angeles, gave himself up to the police shortly after midnight this morning, confessing that he had embezzled \$290 from a Los Angeles cigar store, by which he was employed.

"Big" Ben Coulson, night watchman on Main street, between First and Second South streets, was approached by a well dressed young man of prepossessing appearance.

"I want you to do me a favor," said the stranger. The night watchman asked him what the favor was.

"I want you to arrest me because I am wanted in Los Angeles for embezzlement, and I've played this hiding game long enough," replied the stranger. Coulson told the young man that if he insisted on the point he would arrest him, but entirely as a favor.

"At this point in the conversation Patrolman Wire happened by. The matter was explained to Wire, and without more formality the young man was arrested. He gave the name of T. W. Stackpole, aged 28 years, of Los Angeles.

He said that about three months ago he had embezzled \$290 from a cigar store in Los Angeles, where he was employed. He met the most difficulty, he said, in eluding the authorities in Nevada. He gave himself up, he said, that he might be at peace with his conscience. There is no information at the police station in regard to Stackpole. However, he did not appear to be insane. The Los Angeles authorities will be communicated with.

UNEMPLOYMENT IN ILLINOIS

Chicago, Dec. 26.—A census of unemployment in Illinois may be investigated by the government as the result of a request by Edward R. Wright, president of the Illinois Federation of Labor, that immigration be diverted from the state.

Daniel J. Keefe, commissioner general of immigration, has asked Mr. Wright for specific information regarding the lack of work in certain trades. Several congressmen, according to Mr. Wright, also have promised to give the subject their attention with the view of passing more stringent immigration laws.

The state labor federations of Indiana and Wisconsin will co-operate with the Illinois federation to bring about a federal investigation for labor and supplies. The thousand workers are out of work alone in Chicago.

ANNOUNCEMENT OF WABASH RAILROAD

St. Louis, Dec. 26.—The first official announcement of the receivers of the Wabash railroad is being distributed today all over the system.

Until further orders, the circular says, all officers and employees will be continued in the same positions as heretofore. Prompt attention is promised to the payment of all outstanding indebtedness for labor and supplies. The announcement is signed by F. A. Delano, B. A. Pryor and W. K. Bixby.

GRAND JURY TO RESUME SESSION

Portland, Ore., Dec. 26.—Ruth Stover, 7 years old, and her father, R. E. Stover, are in a hospital here today suffering from burns. An "air-ship" used in Christmas exercises at the church of which Rev. Mr. Stover is pastor, caught fire last night from the bursting of an electric bulb, and Ruth, the "pilot" of the ship, was wrapped in flames. Her father rescued her.

A panic followed the mishap, and the 200 or more persons in the audience fled wildly through doors and windows. None of these, however, was injured.

KILL THE WOUNDED

Terrible Slaughter in the
Revolution in
Paraguay

New York, Dec. 26.—Interesting details of the revolution in Paraguay, which have never reached the outside world, were related here today by a New York lawyer, who has just returned after a five months' stay in Paraguay and Uruguay.

According to the first-hand information which he received during his trip, the strife has been bitter and is marked by much greater bloodshed than is generally known. Fresh interest has been added to the situation in Paraguay by the recent warning given by both Argentine and Brazil that they would not permit the bombardment of the capital city, Asuncion.

Large interests which the lawyer has in South American countries caused him to withhold his name but he talked freely concerning conditions there.

"The news of the civil war, which began in January and which has reached the world, has fallen far short of showing the real nature of the revolution. In a battle in March, near the city of Asuncion, there were 300 dead and no wounded. It is stated as a fact that, after this battle, the victorious army went through the ranks of the vanquished, bayoneting and cutting the throats of the wounded."

A struggle of five factions for control of the government is responsible for the present situation, according to the lawyer, and at present there is no indication of what the outcome will be. Martial law has prevailed for many months in the capital. Even the churches are used for barracks and business has been brought to a standstill. Every man is liable to serve in the army and few trouble to take up regular occupations. Everywhere the women do the hard work. They "man" the shops, the farms, and even the slaughter-houses.

PRIEST LOST IN A CHURCH

Had Gone Into the Attic
and Could Not Get
Out

Chicago, Dec. 26.—The Rev. Father Code, pastor of St. Edmunds church in Oak Park, was busy today telling his friends the story of how he was lost in his own church for more than two hours on Christmas eve.

Had it not been for decorators who found notes which the priest slipped through a crack there is no knowing how long he would have been a prisoner. Father Code went into the attic through a trap door, carrying a candle, to investigate a small blaze that had broken out there a little while before.

He had not gone far into the loft when the candle was snuffed out. The condition of the lathing and plaster made walking precarious. The priest sat down on a rafter and dropped a note through a crack. Three decorators came in and found a note. It read:

"Am lost in the ceiling. Send a light. Father Code."

The decorators could not figure out how it was possible to be lost in the ceiling and paid no attention to it, walking out of the church. They returned in a couple of hours and found other notes. Then they investigated.

AUTO SLIDES AND FATALLY INJURES ONE

Washington, Dec. 26.—Skidding through the mud on a dark road in Virginia, a few miles south of the highway bridge early today, an automobile belonging to Graham Bell, and containing eight passengers, overturned against an embankment and Miss Margaret Van Lassel was pinned beneath the car and probably fatally injured. The other passengers were badly cut and bruised.

INDUSTRIAL WORKERS START FOR ABERDEEN

St. Louis, Dec. 26.—Two hundred and fifty members of the Industrial Workers of the World have left St. Louis for Aberdeen, Wash., to aid in the organization's fight for "free speech" there.

ADMIRAL DEWEY 74 YEARS OLD

Washington, Dec. 26.—Admiral George Dewey, the hero of Manila Bay, today received the felicitations of President Taft, members of the cabinet, army and navy officials, and friends, the occasion being his 74th birthday anniversary. Admiral Dewey is in the best of health.
